# CO-CURRICULAR ACTIVITIES OVERVIEW

The co-curricular programme at Kent College Pembury is integral to the school curriculum. It provides opportunities for pupils to develop their skills, talents and interests across a broad range of activities, including sports, visual and performing arts, clubs, technology, leadership and service.

Co-curricular participation teaches values such as teamwork, service to others, and the importance of striving to reach one's potential. We offer a large selection of transformative experiences and activities. All activities are led by volunteer staff members and qualified external coaches. Activities occur Monday through Friday. Co-curricular activities take place before school, during lunch and after school, with further weekend commitments in some cases.

There are three terms of co-curricular as follows:
